MK-PARENT partnership

- Partner us to support the transition of your child
- Prepare your child for lifelong learning by helping them develop positive attitudes towards learning (e.g. by encouraging their natural sense of curiosity to learn)
- Support them in understanding their feelings and create experiences to build their confidence, and develop social and emotional skills over time.
- Every child has a different pace of learning. Support your child in his/her learning when he/she is ready (e.g., riding a bicycle, reading and writing)
